Great; thanks, Yvonne. While I anticipate the majority of the discussion will focus on PCB-related issues, we will also generally discuss the resolution of the Solid Waste Notice of Violation (i.e., resubmitting an application for closure approval). Welcome input from the appropriate solid waste staff, of course.

Thanks again.

Yes – the 27<sup>th</sup> works for me. Is the discussion just on PCBs or should I bring in some of our solid waste folks?

I could do 11:00 am, as well. For planning purposes, I will need to be done with any meetings no later than 2:00 pm as I need to return to Boston.

Thank you.
